

City of Atlanta Community Greenspace Program

Property Identification Form

Thank you for your interest in the Community Greenspace Program. We are interested in learning about properties that your neighborhood wants to see protected.

The purpose of this form is to help the Bureau of Planning develop a record of parcels that may be suitable for greenspace protection. **Please note that this is not a grant application. Also, submitting this form is no guarantee that property you identify will be acquired.** The decision to allocate funds to acquire properties rests with the City Council, with recommendations from NPUs, City staff, and the public. For more information about the Program, visit our website at www.ci.atlanta.ga.us/citydir/dpdnc.
